## About R.E. Prescott Company

Robert E. Prescott Jr. founded the R.E. Prescott Company in 1954. Since our humble beginnings, three generations of the Prescott family have been working to meet the needs of our loyal customers. When customers buy from the R.E. Prescott Company, they buy more than products — they buy solutions. We create unique and innovative solutions that satisfy the demands of an ever-changing water system, wastewater, and water treatment market. The steadfast service we provide, accompanied by an experienced understanding of successful applications, lend credibility to our distinguished REPCO product line. We back all of our REPCO manufactured and distributed products with design and applied engineering

knowledge. Our trained and licensed professionals help customers find the right product, engineer the best solutions, and implement practical applications. The bottom line — When you buy from the R.E. Prescott Company, rest assured, “You bought the best.”
